

# PUBLIC

# LEDGER

SIXTH YEAR.

MAYSVILLE, KY., THURSDAY, JUNE 10, 1897.

ONE CENT.

## Purely Business!

The column of a newspaper represents a cash value. No publisher can afford to give a reduction, one-half or any less than a merchant can take off when he sells his paper over his counter free gifts of dry goods, or any other article of legitimate business concern. Its cost, however, is not to be reckoned. Advertisements should be paid for, no matter what part of the paper they appear.

## The Confidential

copy. The Lapsons for free notices have become so burdensome we are forced to publish the following terms:

## For Notices of Nuptials:

announcements, fests, or other public institutions where a fee is charged, one for obituary notices, resolutions of respect, etc., \$1.00; for notices of FIVE CENTS A LINE, and heretofore the like, and of the irreverable rule. This, how ever.

## Does Not Include

notices of Lodge meetings or Church services, which must not exceed one line.

## Availability of Disputes.

Misunderstandings are unpleasant. Therefore, it costs 10 cents a line for the first insertion and 5 cents a line for subsequent quires. One local inserted in the paper, "The Times," says that it costs 10 cents to the bookseller. But he forgets that it costs him 10 cents to print it, and two months—12 times—the bill is \$12.00. When you add it all out there is a loss of 10 cents a copy. It is better to pay probably by an icy feeling. Now, to avoid such a situation, let us make a little agreement. Let's have a written agreement to be placed at the termination will be pleased all around.

**89** All matter for publication must be handed in before 8 o'clock in the morning of each day.

If you have an item of news, please call up THE LEDGER, Telephone 33, and send it in.

## Some Special Values

For Saturday and Monday.

## MAYSVILLE WEATHER.

What We May Expect for the Next Twenty-four Hours.

### THE LEDGER'S WEATHER SIGNALS.

WIND STREAMS—FAIR;  
HUM—RAIN OR SNOW;  
WIND BACKSTOKE—TWILL WARMER  
OR COLD;  
CLOUDS—BENEATH—GOLDEN TWIL  
BE;  
Clouds shown—NO CHANGE.

The above forecasts are made for a period of six hours, ending at 8 o'clock tomorrow evening.

If you have friends visiting you, or if you are going away on a visit, please drop us a line to tell us.

Mr. John B. Holton has returned from Joplin, Mo.

Mrs. Jessie Kreiner of Paris is visiting Mrs. Charles Collins.

Mrs. Amy Bertram is visiting relatives near Bluebell Springs.

Mrs. Letitia Green of Danville is visiting this city.

Mr. Leslie Adamson of Cincinnati is visiting relatives in this city.

Mrs. Neill Wood went to the Queen City Monday for a short stay.

Mrs. A. M. Whittington is visiting her mother, Mrs. H. C. Trotter.

Mrs. Mary Finch has returned to her home in the county school near Chelinaut.

Mr. Ben Longenecker and daughter, Miss Julie, will take a trip to California soon.

Rev. W. T. Spears has been visiting among friends in the Maysville neighborhood this week.

Miss Grace Beard of Coveland is visiting her brother, Mr. H. H. Beard of Second street.

Mr. John Taylor and family of Warren county left last week for their new home at Murfreesboro, Tenn.

Rev. G. W. Watkins has been attending commencement exercises at Lexington Bible College. He returned home today.

Mr. Rev. G. W. Watkins of Washington has been spending several days with the family of Mr. Harvey Scott in the county.

Mr. Charles Hanning is down from Bourbon on a short visit with friends in the city. He says the prospects for a crop are much better than they are in Mason.

John Drake of Burtonville gets an income of \$1000.

For Kanawha Coal leaves order at McCarthey's Jewelry Store. WM. DAVIS

Circuit Court adjourned yesterday to meet again tomorrow morning. The Judge wants to go to the circus today.

Henry Campbell, a half-brother of the late John Potts of Dover, died of dropsy and heart trouble at Ripley last week, aged 60.

Henry Cooper, indicated for forging a check on Mitchell, Finch & Co.'s Bank, signed by D. J. Rees for \$200, was tried yesterday in the Circuit Court and acquitted. The Jury thought he was not composed mentally.

The alarm just before 11 o'clock last night was caused by the falling of an electric gas cool oil lamp in the florist of Mr. Martin Enrai, 17 West Second. The only damage was to the atmosphere by the lusty yell of "Fire" and the clanging of the bells. As always the case—the less fire the most noise.

The Waters Party of popular Artists, who were in town about two years ago, are now in the St. Charles Hotel and prepared to execute Oroyan, Pastelle and Water Colors at greatly reduced prices from what they have heretofore worked. Portraits from \$6 up, owing to all work strictly finished. Call early at St. Charles Hotel between 6 and 9 p.m.

HERE'S NEWS FOR YOU.

A Portsmouth Paper Unearths a Great Big "Scoop."

It will be a surprise to acquaintances in the city to learn that young Charles Johnson, of the local football team, signed with a paid Mayville team as catcher. He played his first game Friday. The young man is a fast player and was a star in the football team which was a star-player with the Navies, the crack junior club of this city.—Portsmouth Tribune.

That is a dirty piece of work on the part of the team, because there are lots of catchers on the bench here who would be glad to get back in the game.

While it may be a surprise to the Portsmouth people to learn that one of their population is down here playing ball with "paid team," it is a surprise to the Mayville people to learn that they have a paid team.

But you have to go away from home when you want the "news."

## HIGH SCHOOL COMMENCEMENT.

Program of Exercises To Be Held at the Opera-House This Evening.

The Commencement Exercises of the Mayville High School will be held in the Opera-house this evening, commencing at 9 o'clock.

A program of unusual interest has been prepared, and those who attend are assured of a pleasant evening's entertainment.

Colonel Bennett H. Young, who will deliver the class address and present the diplomas, is a distinguished lawyer and orator of Louisville. He is well known throughout the state as a man of unusual ability.

Miss Caldwell, the vocalist of the evening, makes her first appearance in Mayville on this occasion. She is one of Cincinnati's best singers, and she comes very highly recommended by the most famous artists of the Queen City.

It is hoped the citizens of Mayville will attest their interest in our school system by turning out in large numbers to hear the following attractive program:

Music—Orchestra.

Invocation—Rev. S. D. Dutcher.

Chorus—"Morning Invitations"—Girls.

Music—Orchestra.

"My Little House"..... Hawley

"Arise, for the World Awaits"..... His

Miss Caldwell.

Address and presentation of diplomas.

"He Leaves Me Not"..... MacLean

Miss Caldwell.

Presentation of medals.

Mr. George T. Hunter, President of Board.

Music.

Spring Tide..... Becker

Miss Caldwell.

Harmonie, Pianist.

Admission 15 cents.

FLOTSAM—JETSAM—LIGAN.

SEVEN NOTES FROM NATURE'S GREAT HIGHWAY.

The Sherley will pass down tonight from Pomery.

The Will J. Cummings passed up last night for Wheeling and Pittsburgh.

The W. F. Nisbet passed down last night from Pomery and returns tonight.

The Keystone State, with all she could handle on the present low water, passed down last night from Pittsburgh. She will return for that point tonight.

The Virginian, which passed up Tuesday night for Pittsburg, had a party of twenty young ladies from a Seminary at Oxford, O., who are making the round-trip.

The Queen City, the new boat built at Cincinnati for the Pittsburgh and Cincinnati trade, will make her first trip up the river Saturday night, leaving Cincinnati at 5 o'clock. The boat is without doubt the most handsome and complete stern-wheel steamer ever constructed, and will pay anybody having any interest in transportation to pay the boat a visit when she arrives at the wharf here.

The United States Mail, Capt. E. A. Woodruff arrived at Cincinnati about Tuesday morning in a disabled condition, and went to the bank for repair. While working at the mouth of the Little Miami river she broke her back and otherwise disabled herself. The broken parts were removed, and will be replaced as soon as possible, but it is likely that she will be there for several days at least.

This is a small river on headwaters which will keep the packets running for a short time. Water gauge was hoped for, but it is not at hand yet. The present rise is from the extreme headwaters of the Allegheny river.

The following stage is reported:

Oil City, 2.2, rising.

Pittsburgh, 2.5, rising.

Monaca, 2.6, rising.

Wheeling, 7.9, rising.

Parkersburg, 6.8, rising.

Charleston, 5.4, falling.

Steubenville, 5.1, falling.

Cattleburg, 7.2, rising.

Parkersburg, 7.7, rising.

Mayville, 7.8, rising.

EASTERN SECTION.

The general tone of the reports from this section is somewhat more favorable than that of those from the Western sections. Wheat is reported to be fine in all except a few sections, and farmers are confidently anticipating a bountiful yield at the coming harvest, about ten days to two weeks hence. Corn does not look so well as might be wished, being generally small and uneven, and in some sections the fields being yellow. Its average condition is better, however, than at the close of last week. Tobacco setting has not progressed favorably except in localities where showers fell. These covered somewhat limited areas and were very unevenly distributed.

On account of the Western wheat and corn, we are not able to report much information.

The Turnpike Commissioners will sell to the highest bidder three tollhouse houses, situated on the Lewis and Mason road, on

Saturday, June 12, 1897, 10 A.M.

AT 12 O'CLOCK P.M.

All the houses will be sold at the house last occupied by Humphrey Marshall.

Bidders will examine premises before the sale.

Terms to be made known on day of sale.

J. E. WHITFIELD, Secretary.

DR. J. H. SAMUEL,

Ex-Resident Surgeon, Great Southern Hospital, Executive Officer, U.S. Sanitary Commission.

PHYSICIAN AND SURGEON

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;

Chlorides and sulphates of potassium, 10 per cent;

Chlorides and sulphates of sodium, 10 per cent;

Chlorides and sulphates of calcium, 10 per cent;
